REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The Examiner agrees with Applicant's remarks, specifically that the oil inlet passage 58 and pickup passage 52 of Freese are both integrally formed in the body of the oil pan and are separated from the slotted cover 72 by the tubing 64 and portions of the oil pan body. Neither of passage 58 or 52 is configured by a cover member and bottom portion as required by claim 1. The tubing 64 of Freese holds cooling liquid and does not hold oil, thus it is not an oil passage. Further, tubing 64 is not configured by a cover member and bottom portion of the oil pan, as required by claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Election/Restrictions

2. Claim 4 has been rejoined.
